Subject: BSAG Suggestion #15 - Data Retention
Attachments: Query table retention.pdf

Hello BSAG,

During a prior meeting, we discussed having an online catalog that lists the query tables and their data retention schedule to help with BSAG suggestion #15. The attached document is a draft document for your review. Please let me know if you have any suggestions for this list and where to publish it online. We can put a link to this document on the Frequently Used Sites webpage at http://www.busfin.uga.edu/controller/admin_systems.html, but there may be other convenient locations where it would be useful. Once the document is finalized and published online, we can send an announcement to the Business Services listserv to let them know about it.

Thanks in advance for your review and feedback,
Chad
