

UNIVERSITY OF
GEORGIA

2018 CAMPAIGN FOR CHARITIES

This is a special time of the year—the time when the University of Georgia community comes together to offer a level of service and support for friends and neighbors, colleagues and strangers who are in need.

Dear UGA Faculty and Staff:

To truly declare change that will positively impact our neighbors will require a commitment from each of us here at the University of Georgia.

In serving as UGA's Vice President for Finance and Administration, I am privileged and extremely grateful for the countless opportunities I have to serve alongside the faculty, staff, students and so many others who are part of this University community. Our institutional commitment to change the world by investing in our local community and those afar is truly inspiring.

From the moment I first joined the UGA family over 25 years ago, I knew it was a very special community of individuals whose collective strengths can—and do so often—make a difference. Over the years, I have witnessed the passion the University community possesses for assisting our neighbors and how generously we respond to those in need.

Now more than ever, those in our local and state communities need our help and support.

It is my pleasure this year to serve as the honorary chair for the University of Georgia's 2018 Campaign for Charities, an ongoing effort to support those most in need in our community through the many non-profit organizations that serve them.

Growing up I learned very early on that we should always strive to “do all the good we can in all the ways we can.” This year's theme for the State of Georgia's Charitable Contributions Program, “State Change, Pledge today!” encourages us to unite with our UGA community and Georgians across the state to do a great deal of good by boldly declaring change that positively improves the lives of others.

For the past 17 years, the generosity of our faculty and staff has resulted in UGA being awarded the Governor's Cup for the highest contribution per employee for state organizations with at least 9,000

employees. Last year, the UGA community contributed more than \$389,000 with 15% of our faculty and staff participating. With your support, we can help even more this year.

The Campaign for Charities offers a wide range of ways that you can make a difference through more than 1,400 participating charities. Whether you would like to help put food on the table for a child who is hungry, create a place to call home, provide healthcare to the underserved, or provide much needed assistance from a natural disaster, each and every gift is significant and the Campaign for Charities offers countless opportunities to create positive change.

Please join me in helping to make a positive difference in our community. We all play a critical role in the campaign's success, and I have no doubt, working together, we will have a tremendous impact and reach our goals by the close of this year's campaign on December 15.

RYAN NESBIT

*Vice President for Finance & Administration
Campaign for Charities Honorary Chair*
