GENERAL INSTRUCTIONS

The budget for each department or project should be amended to reflect the current estimate of expenditures and income (if applicable) for the fiscal year. Personnel reports and budget amendment forms should be submitted as early as possible to avoid delays in processing payroll checks. The home base department should be the focal point for coordinating an amendment and personnel report regardless of the source of funding. Some of the transactions that require a budget amendment form, personnel report, or both are outlined below.

2. Change of Name
3. Correction of Social Security Number
4. Change in Incumbent's degree
5. All line item employees not fully funded in the FY 2012 Original Budget
6. Set up payroll and personnel data for graduate assistants and other personnel paid from either a monthly or hourly lump sum position.
