NOTE TO UGA DEPT:
DO NOT COMPLETE AND RETURN THIS WITH YOUR PURCHASE REQUEST!
THIS TEMPLET IS TO SHOW YOU WHAT INFORMATION IS NEEDED AND HOW TO PRESENT THIS ON YOUR PURCHASE REQUEST.

ORDER TOTAL: $600.00
5. An email will be sent from Absolute to the email address entered in step 4-c. The email will verify the purchase, download instructions and installation instructions.

After receiving email order verification and instructions on downloading from Absolute software:

Sample Absolute email format:

Dear Absolute Customer:

Thank you for purchasing Computrace Data Protection for PC & MAC, Absolute’s secure asset tracking and inventory management service. We are committed to your complete satisfaction with this service.

You will now have the Computrace technology platform working for you! The Computrace technology platform is comprised of the Computrace Agent and the Absolute Monitoring Center. The Agent is the client software that powers the AbsoluteTrack service in conjunction with the Monitoring Center.

Computrace Agent - The Agent resides on the hard drive of host PCs and transmits asset data to the Monitoring Center via an Internet or phone connection. Reliable and persistent, the Agent is not visible in file directories and is very difficult to accidentally, or deliberately, delete. It even survives most hard drive reformatting or repartitioning, and an F-disk command.

Absolute Monitoring Center - Secure, central repository at Absolute Software where all asset data is kept. Authorized administrators can access asset data 24 hours a day, 7 days a week via self-serve reports in the Customer Center area of www.absolute.com.

INSTALLING THE COMPUTRACE AGENT

The enclosed ZIP file contains all of the files you require to install the Computrace Agent. The unique Electronic Serial Number (ESN) for your purchase has been embedded into the installation files.

Important: If you have trouble installing, please contact our Technical Support team to arrange an alternate method to obtain the Computrace Agent. Below are one agent for PC & one for MAC.

PC

MAC

Once you have installed the Computrace Agent, you can use your web browser to access the secure Absolute Customer Center where you can create and view reports on your PC assets.

To access the Customer Center:

Go to http://www.absolute.com

Click the Corporate Login button.

In the Customer Login area, enter the following User ID and password:
User ID: (Do not use this name)

Password: (Do not use this password)

We recommend that you change your password once you log in to the Customer Center.

For complete information on installing the Computrace Agent and using the Monitoring Center, click the Documentation link on the bottom left of the Customer Center home page.

Technical Support

If you have product questions, please contact us at 1-888-999-9857 (Monday-Friday, 6 AM to 6 PM PST) or techsupport@absolute.com.

Sales Department

For more information on Absolute products and pricing, please contact your sales representative, _, at 1-800-220-0733 x (Monday-Friday, 7 AM to 5 PM PST) or sales@absolute.com.

Thank you for your business,

Absolute Software

END OF EMAIL SAMPLE

1. Follow the URL in the email to the Absolute website for downloading the Absolute Computrace '.msi' file.
2. Choose either PC or Macintosh (download file)
3. Download Absolute Computrace Data Protection software (recommend downloading to a USB memory-stick for portability and control)

Installation of Absolute Computrace Data Protection software:

1. Insert the USB memory stick into the USB slot and open "My Computer" and select the USB drive.
2. Locate the '.msi' file on the USB device and double click the '.msi' file (computrace.msi)
3. Installation time approximately 2-4 minutes (+/-)
4. No configuration options
5. "Installation successful/complete".
6. Mandatory reboot
7. Absolute Computrace Data protection software will contact the Absolute software server within 24 hours.
Verify installation success & computer reporting (phoning-home) to Absolute:

1. Check CompuTrace Customer Center portal go to:
   <http://www.absolute.com/support/default.asp>

2. Select "LOGIN" (blue field – top of page) "LOGIN PAGE" is displayed
3. Select "Customers Center", under Corporate Customers
4. “CompuTrace Customer Center” is displayed
5. Login using login name supplied via email from Absolute
6. Check "Account Summary" on right hand side of the Customer Center portal page

Absolute software Customer Support:

1. All UGA support issues are handled by Absolute software (do not call the UGA Helpdesk or UGA InfoSec). All other USG institutions please call your local helpdesk or call Absolute directly for support:

Generating Absolute Reports:
1. Go to: <http://www.absolute.com/support/default.asp>
2. Locate “LOGIN”
3. Select “Customer Care Center” login link
4. Use the login name and password received via email
5. View “Account Summary”
6. Select “Reports”
7. Select any of the 7 different categories of reports

To report a stolen computer:
1. Go to UGA PD immediately to complete a police report, you will need the police report number before reporting loss or stolen computer to Absolute.

NOTE: It is strongly recommended that you go to the UGA-PD and report theft to Absolute within hours of each other. As soon as reported to Absolute, your PC/Mac will start calling Absolute more frequently. If you are not able to go to the UGA PD, at least report to Absolute.

2. Go to: <http://www.absolute.com/support/default.asp>
3. Location “LOGIN”
4. Select “Corporate Customers” login link
5. Use the login name and password sent via email
6. Select "Report a Theft/Data Delete"
7. Select “Make a New Report” or view existing report “Reports made”

8. Fill in all information. You will need a local police report number.
9. Press “Send This Report”

To invoke “Data Delete”:

**Note: All “Data Delete” options must be authorized by Academic or Administrative Unit/Dept Head representative**

1. System must be flagged for “Data Delete” option prior to requesting data delete

**NOTE: Notify UGA Data Delete Designee, the designee will verify and confirm the machine being selected for the “Data Delete”. A screenshot of the computer selected for “Data Delete” must be verified prior to delete authorization.**

2. Go to the CompuTrace Customer Center

3. Select “Report a Theft/Data Delete”
4. Select "Data Delete"

Removing CompuTrace Data Protection from a computer:

To re-new annual CompuTrace Data Protection license:

2. Must be re-purchased annually. Renewal price currently under negotiations.
