Year End Journal Entry Preparation

The FY2019 Year End Letter briefly describes the process that will be used to submit June adjusting GL journal entries between the dates July 1, 2019 through July 12, 2019. The following instructions provide a more detailed process for how to create an adjusting journal entry for inclusion in FY19:

- Any transaction that needs to be recorded in FY19, during this adjusting time period, will require a June journal date when the GL journal entry is created.
  - Step #1: Create a Journal Entry as you normally would do by going to the “Add a New Value” tab on the Create/Update Journal Entries page:

  - Step #2: Change the date to “06/30/2019”. Click “Add” to create the journal entry.
- NO OTHER CHANGES SHOULD BE MADE TO THE JOURNAL ENTRY parameters on the Heading tab.

- FY19 Adjusting GL journal entries must be received by the Accounting Department by noon, July 12, 2019.
  - Initiators AND Departmental workflow Approvers should give these types of GL journals top priority. Communication within and between departments is key to this process.
- If you have any questions about whether or not an adjusting GL journal is necessary, please contact the Accounting Department.
