

GEORGIA MEAL PER DIEM RATE CHANGE EFFECTIVE JULY 1, 2022

UPDATE:

For travel on or after July 1, 2022, individuals traveling in Georgia will only be eligible for 75% of the total day's per diem rate on the first and last day of travel.

Expense Type "D-GA Meals Depart/Return" will be available for use on 7/1/22. This expense type should be used for the day of departure and day of return when traveling in Georgia.

The screenshot shows the 'Expense Type Search' interface. At the top, there is a 'Cancel' button and a title 'Expense Type Search'. Below the title are two tabs: 'Frequently Used' and 'All Types', with 'All Types' selected. A '*Display Option' dropdown menu is set to 'Expense Category'. A search bar labeled 'Search Expense Type' with a right-pointing arrow is present. Below the search bar are links for 'Expand All' and 'Collapse All'. A section titled 'Employee Domestic Travel' with '18 rows' is expanded, showing a list of expense types. The 'D-GA Meals Depart/Return' entry is highlighted with a red rectangular box. Other visible entries include 'D-GA Meal Per Diem' and 'D-Ground Transportation'.

**Please remember, UGA does not provide meal per diem during non-overnight travel.*
