

# Funding for Classroom Equipment

## Student Technology Fee (STF)

Annual STF Allocation  
to Dean/VP

### CTL - Learning Technologies Grant

LTG projects are funded by Student Technology Fees; therefore, funding can be requested for:

- equipment
- software
- external consulting
- materials
- technical staff support

Application deadline is in April for grants awarded for the following FY.

For more info: <http://wwwctl.uga.edu/ltg>

## Departmental Funds (State or Department Generated)

Salary Savings/Regular Operating

One-time funding request  
to the Provost  
(Due mid-January)

### STF Special One-Time Funding

This one-time funding is in addition to any support that a college or unit may receive as a part of its base STF allocation. The annual number of awards and amount provided will vary from year-to-year based on the level of funding made available for the one-time projects program. The Committee gives priority to projects that promise broad-based impact among a diverse set of students, model collaboration among colleges and units, and/or propose important innovations in the area of student learning.

Email sent in August requesting proposals. Proposals must be submitted by the appropriate VP/Dean or Assoc. Provost, usually by mid-Oct.
