Dear Faculty and Staff:

I am pleased to announce the launch of the 2021 Campaign for Charities. This important initiative unifies the University of Georgia, the Athens community, and our home state in a spirit of giving and support.

The Campaign for Charities provides a number of opportunities for faculty and staff to contribute to organizations that make a difference, and UGA has established an outstanding tradition of supporting this campaign. For 20 consecutive years, our giving has been recognized with top honors.

As we work together to accomplish this objective, we invite you to consider contributing to organizations that are meaningful to you. During these difficult times, the generosity of the UGA community is appreciated now more than ever. There is no doubt that this year presents new challenges, but our deep sense of community calls us to do what we can to support our friends and neighbors.

I am grateful for your support of this campaign, and I am certain that by working together the University of Georgia will make a lasting impact on the charities supported by this important initiative.

With warmest regards,

Jere W. Morehead
President
