University of Georgia Tuition Payment Plan

Summer 2021 Tuition Payment Plan Enrollment Dates: May 11, 2021 through May 26, 2021

Payment Plan Details (Examples):

The University of Georgia Payment Plan allows a student to defer payment for up to 50% of the current term's tuition and mandatory fee charges or the account balance, whichever is less. The deferrable balance is calculated after all actual and expected financial aid is applied to the student account. Financial aid is defined as any anticipated or disbursed aid, third party contract payments, and tuition and fee waivers. Under the payment plan terms, half of the deferred balance is due approximately 30 days after classes begin and the remaining amount is due approximately 60 days into the term (note this timing is compressed in Summer due to the shortened nature of the term).

Summer Term Payment Plans: Only students that are registered for classes in the Extended Session, Thru Session or any combination of sessions that include Extended Session and/or Thru Session are eligible to participate in the Summer payment plan. If you are enrolled in only May Session or Short Sessions, you are NOT eligible to participate in the payment plan. If you do enroll and are determined to be ineligible, you will be removed from the plan and full payment will be due by the published payment deadlines to avoid schedule cancellation.

Upon enrollment in the plan, a $75 non-refundable enrollment fee is assessed each term to offset administrative costs. A student enrolling in the plan will be required to make a down payment at the time of enrollment if their account balance after aid is greater than 50% of the tuition and mandatory fee charges for the term. Students must choose a scheduled payment method to cover their deferred payments. A student can schedule payments via an automatic deduction from their bank account or credit card. Please ensure your bank or credit card information for scheduled payments is up to date to avoid issues with processing your payment. Scheduled payments must clear the bank in order to satisfy your payment obligation. The University will have to withdraw you from the term should you be unable to honor your installments on the appropriate dates as agreed.

Graduate students on an assistantship should sign up for the Graduate Assistantship Payment Plan.
UNIVERSITY OF GEORGIA TUITION PAYMENT PLAN FAQ’S

(Examples)

Q: How does the plan work?

The University of Georgia Tuition Payment Plan is a two-installment plan that allows students to defer up to 50% of their current term tuition and fee charges or their account balance after aid, whichever is less. The deferrable balance is calculated after all actual and expected financial aid is applied to the student account. Financial aid is defined as any anticipated or actual aid, third party and scholarship payments, waivers or any other credits on your account.

Q: What is the cost?

There is a $75 non-refundable enrollment fee per term due at the time you sign up. In addition, a down payment may be required at enrollment if your student account balance after aid is greater than 50% of your tuition and fee charges for the term.

Q: Who is eligible?

Students who are not on a graduate assistantship with balances remaining after all financial aid payments have been applied to their account are eligible.

Summer Term Payment Plan: Only students that are registered for classes in the Extended Session, Thru Session or any combination of sessions that include Extended Session and/or Thru Session are eligible to participate in the Summer payment plan. If you are enrolled in only May Session or Short Sessions, you are NOT eligible to participate in the payment plan. If you do enroll and are determined to be ineligible, you will be removed from the plan and full payment will be due by the published payment deadlines to avoid schedule cancellation.

Q: How do I enroll?

Sign up is done through Bill Payment Suite.

Before enrolling in the payment plan, you need to complete your registration and ensure that all elective charges such as housing, meal plans, parking, etc. are on your student account. Doing this ensures you will only need to make one down payment (Note that a down payment is only required if your balance exceeds 50% of term tuition and fee charges) and this allows you to defer the maximum amount. When you are ready to enroll in the University of Georgia Payment Plan or want to determine how much you may defer under the plan based on your current account status, please follow the step by step instructions.

Q: When can I enroll?

Enrollment for the Summer Tuition Payment Plan begins May 11, 2021 and will continue through May 26, 2021.

Please ensure all charges are on your account before enrolling.
Q: When are the two installments due?

For Summer 2021, the two installments will automatically process on June 7, 2021, and June 28, 2021. At the time of enrollment students/parents are required to set up deduction of installment payments directly from a bank account via ACH or scheduled payments by a major credit card*. Payments are then automatically drafted from your bank account or charged to your credit card*.

Please ensure your bank or credit card information for scheduled payments is up to date to avoid issues with processing your payment.

Q: Am I required to wait until my installment is due to pay it?

You can make payment of any amount towards your next installment at any time.

Q: How do I pay my installment payments?

In order to enroll in the payment plan, you will make a down payment (if required) using ACH (electronic payment) or with a major credit card. *You will then agree to have the installment payments made via ACH or by credit card. * However, a payment made by any method applies towards your installment amount, so you may make payment another way (cash, credit card*, etc.) if you make the payment prior to an installment due date. As long as an installment is paid in full before the due date, no ACH bank draft or credit card* payment will occur. Please ensure payments are made in full at least 48 hours prior to the due date to avoid the possibility of a draft occurring.

Q: Can my installment amounts change after I have signed up for the plan?

Yes. The amounts of your installments may increase or decrease due to recalculation of your tuition and mandatory fees if you add or drop courses. Additionally, if a tuition waiver post to your account, a payment is made on your account, or your financial aid award is adjusted, the installment amounts recalculate accordingly. This recalculation is done at least daily. You will receive an e-mail notifying you that your installment amounts have changed.

Q: What happens if I don’t make either of the two installment payments as agreed or my payment is returned by the bank?

If either of the two installment payments are not made as agreed upon for any reason, you will be withdrawn from school for the term. This withdrawal will be reflected on your transcript and the University of Georgia refund policy will apply based on the date payment was due. You may also be restricted from enrolling in the payment plan in future terms.

Q: Why can't I enroll in a plan?

If your student account balance is fully covered by financial aid you cannot sign up for the University of Georgia Payment Plan. Also, if you have a prior term balance, payment will need to be made before you can sign up for the plan.
Q: I paid off an installment and now I see an amount due for it. Why?

An installment reopens if you have new charges on your account and the due date for the installment payment has not passed.

Q: Why do I see the message "you do not have enough eligible charges" when I try to enroll?

This message typically indicates you do not have enough charges to qualify for the plan or your balance does not exceed $100.

Q: I am on the payment plan and have a monthly Housing charge or other charges not included in the plan. How do I direct these payments so they don’t pay down my installments but instead pay what is due?

To pay any charges outside of the payment plan, use the “Make a Payment” button and then select the specific charge you want to pay. This will ensure that the payment pays the charge that is due and not the next installment.

NOTE: * Credit card payments will be assessed a convenience fee of 2.85% (minimum $3) per transaction by the vendor for this service.
