### UGA's Single Sign-on for Web Services

CAS provides a common login experience for users accessing UGA web services with their MyID credentials through a one-time login.

A number of UGA web services will soon switch to using CAS for logging in with their MyIDs.

Your CAS login will be active for the next 30 minutes. To end your session, log out of the web application or close your web browser.

You should see a **green address bar** with University of Georgia and a lock in your web browser. This is an additional security measure to ensure you are visiting the actual UGA CAS website. If you do not see this, do not type your MyID and password.

UGA units interested in using CAS on departmental systems may request access on the [CAS information webpage](#).
