The next few pages will focus in on the various changes highlighted above.
A. **Updated Menu Bar**

Changes to the menu bar include:

1. Some icons have been changed, but the menu names remain unchanged.
2. The slide out menu has a new look and feel.

B. **Updated Banner and User Profile Menu**

Changes to the menu bar include:
1. The banner area is noticeably smaller in the new Jaggaer layout
2. The user profile area has been re-arranged. All of the features are present just in a new order.
