Spring 2026 Tuition Payment Plan Enrollment Dates: January 7th, 2026 – January 28th, 2026

Payment Plan Details :

The University of Georgia Tuition Payment Plan allows a student to defer payment for up to 50% of the current term's tuition and mandatory fees, housing and dining charges, or the account balance, whichever is less. The deferred balance is calculated after all actual and expected financial aid is applied to the student account. Financial aid is defined as any anticipated or disbursed aid, third party contract payments, and tuition and fee waivers or any other credits on your account.

Spring Term Payment Plan:

Upon enrollment in the plan, a \$75 non-refundable enrollment fee is assessed each term to offset administrative costs. A student enrolling in the plan will be required to make a down payment at the time of enrollment if their account balance after aid is greater than 50% of the tuition and mandatory fees, housing, and dining charges for the term. Students must choose a scheduled payment method to cover their deferred payments. A student can schedule payments via an automatic deduction from their bank account or credit card. Please ensure your bank or credit card information for scheduled payments is up to date to avoid issues with processing your payment. Scheduled payments must clear the bank in order to satisfy your payment obligation. The University will have to withdraw you from the term should you be unable to honor your installments on the appropriate dates as agreed.

Graduate students on an assistantship should sign up for the Graduate Assistantship Payment Plan.

Q: Can my installment amounts change after I have signed up for the plan?

Yes. The amounts of your installments may increase or decrease due to recalculation of your tuition and mandatory fees if you add or drop courses, or adjustments to your housing and meal plan charges. Additionally, if a tuition waiver posts to your account, a payment is made on your account, or your financial aid award is adjusted, the installment amounts recalculate accordingly. This recalculation is done at least daily. You will receive an email notifying you that your installment amounts have changed.

Q: What happens if I do not make either of the two installment payments as agreed or my payment is returned by the bank?

If either of the two installment payments is not made as agreed upon for any reason, you will be withdrawn from school for the term. You may also be restricted from enrolling in the payment plan in future terms.

Q: Why can't I enroll in a plan?

If your student account balance is fully covered by financial aid you cannot sign up for the University of Georgia Tuition Payment Plan. Also, prior term account balances will need to be paid in full before you can enroll in the payment plan.

Q: I paid off an installment, and now I see an amount due for it. Why?

An installment reopens if you have new charges on your account and the due date for the installment payment has not passed.

Q: Why do I see the message "you do not have enough eligible charges" when I try to enroll?

This message typically indicates you do not have enough charges to qualify for the plan or your balance does not exceed \$100.

Q: I am on the payment plan and have a monthly Housing charge or other charges not included in the plan. How do I direct these payments, so they don't pay down my installments but instead pay what is due?

To pay any charges outside of the payment plan, use the "Make a Payment" button and then select the specific charge you want to pay. This will ensure that the payment pays the charge that is due and not the next installment.
