Definitions

What is a Small Business? According to the Small Business Administration (SBA), A small business is not dominant in its field of operation and qualifies as a small business concern under Title 13, Code of Federal Regulations, part 121 (13 CFR 121). SBA has established size standards for all for-profit economic activities as they are described under the North American Industry Classification System (NAICS). Size standards are critical in the government-contracting process because they ensure a "level playing field" for competition among small businesses of varying sizes. They also apply to other SBA programs, such as its Loans & Grants and Technology (SBIR/STTR) Programs. Please refer to <http://www.sba.gov/size-standards-tool?ms=fp> for assistance in determining if your business qualifies as a small business.

While UGA utilizes and recognizes Federal definitions, it should be noted that **the State of Georgia has certain DIFFERENCES with Federal definitions.**

Within Georgia, a Small Business is defined as a Georgia resident business which is independently owned and operated. In addition, such business must have either fewer than 300 employees or less than \$30 million in gross receipts per year. Georgia resident business means any business that regularly maintains a place from which business is physically conducted in Georgia for at least one year prior to any bid or proposal to the state or a new business that is domiciled in Georgia and which regularly maintains a place from which business is physically conducted in Georgia; provided, however, that a place from which business is conducted shall not include a post office box, a leased private mailbox, site trailer, or temporary structure. (Official Code of Georgia Annotated §50-5-121).

Georgia Minority-Owned Business: A Minority Business enterprise means a small business concern which is at least 51% owned and controlled by one or more minorities and is authorized to do and is doing business under the laws of the State of Georgia, paying all taxes duly assessed and domiciled within this state (Official Code of Georgia Annotated §50-5-131). The State of Georgia recognizes five (5) minority groups; African American, Asian American, Native American, Hispanic/Latino, and Pacific Islander .
